

MK-IND75IV

INDUSTRIAL WET & DRY VACUUM CLEANER

leader in **dry steam** technology

This compact, sturdy, silent and reliable three-phase industrial vacuum cleaner is ideal for intensive and continuous uses. Equipped with a 3.0 kW three-phase motor, MK-IND80IV is available with manual filter shaker, along with an easily detach-

able bin mounted on wheels, for a better and handier management of the sucked materials.

The wide filter surface of the star filter, provides a high filtration efficiency for a longer operating time.
